

Learn Tatar language online, through world class methodology of interactive education.

The school was created at the initiative of the President of the Republic of Tatarstan R.N. Minnikhanov. The project is implemented by EF Education First in conjunction with the Ministry of Education and Science of the Republic of Tatarstan.

Ana Tele school, which is entirely cloud based, provides free language training, 24 hours and 7 days a week anywhere in the world not only to Tatarstan citizens, but anyone interested in the Tatar culture and language.

Ana Tele incorporates EF Education First's advanced technologies in teaching foreign languages and unique content and expertise of the Ministry of Education and Science of the Republic of Tatarstan for complex and consistent learning of the Tatar language.

Ana Tele was developed through collaboration between Tatarstan and EF linguists and developers. Republic of Tatarstan developed the courseware and all the interactive media materials, while EF contributed its expertise for academic consulting and technical development.

Ana Tele consists of:

9
levels

72
topics

288
lessons

1676
exercises

9
level tests

288
video clips

10950
audio files

6795
pictures

It offers certificates for everyone who passes the level test.
